

Clutch Certified Product Page

R1 Feedback 8th April

1. Only the best cars earn the certification and make it to our site. 210 points inspected, in-depth servicing, and transparent documentation, by our own Clutch mechanics.

2. Change inspection data points to Total points inspected
 - a. 22 to 21

70,057+ Vehicles inspected to date	15,000,950+ Inspection data points collected	22 Certified mechanics per vehicle
---	---	---

3. Body copy under the headline:

- a. Every car goes through a rigorous mechanical and cosmetic inspection by our own Clutch mechanics. Brakes, suspension, electrical, engine, body, nothing is skipped. Everything is documented and visible for every Clutch Certified car along with a full CarFax report.
 - b. 210 Points. Every time.
4. Just have headline copy, so change "Full Inspection" for "Every vehicle inspected by 21 Clutch mechanics"

Full inspection.

Every system checked by our certified technicians before the car ever reaches a listing.

5. If it doesn't pass our inspection, it never gets listed and you will never see it on our site.
- a. change button to read: "Browse Certified"

This is where most cars fail and are removed from our process.

Vehicles that don't meet our standard are never listed and never sold to you.

Browse the cars that passed

6. Make edits
- a. Headline to read: Expertly serviced by Clutch mechanics

- b. Body to read: "Anything flagged during inspection that needs to be replaced or fixed to meet our standard gets done. Oil changed, filters replaced, fluids topped, regardless of the last change. Our tire tread minimum is 4mm, double the legal requirement."
- c. Change copy in tires to: "Tread depth is measured on all four tires against our 4mm minimum — double the legal requirement. Anything below standard gets replaced. Alignment and balance checked."

STEP 2 — RECONDITION

Reconditioned before it's listed.

Our licensed mechanics replace worn components, perform required servicing, and address anything that falls short, bringing every vehicle up to the Clutch Certified standard.

7. body copy:

- a. Every car on Clutch has been personally signed off by our own mechanics. If it's listed, it has earned the Clutch Certified standard.

STEP 3 — LISTED

Clutch Certified.

Our mechanics personally sign off. It's earned the badge, secured, listed, and ready for you.

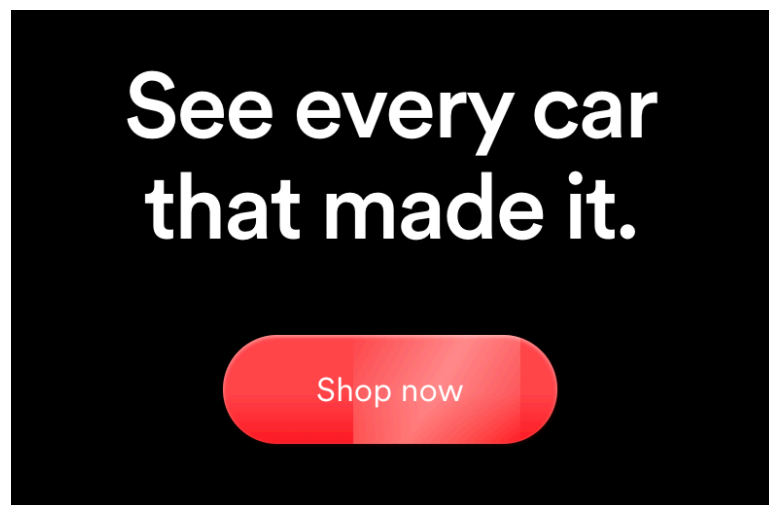

8. breakdown points

8a: add "from 1,744 surveys"

8b: change photography stat to : " 8hrs | average labour per vehicle"

9. change CTA to "Shop Certified"
